

# Website Design Project with Handipost

Social Enterprise Greenhouse is helping to find qualified applicants for our social venture, Handipost. Please see the below for more information, or email [talent@segreenhouse.org](mailto:talent@segreenhouse.org).

**Mission:** Handipost serves homeowners, looking to have a job done and contractors, looking for their next project. Homeowner's projects are posted on Handipost.com and, much like an action, interested contractors bid on them. Handipost's mission is to connect the right homeowner with the right contractor.

**Project Object:** Handipost.com is branding and re-designing their website and is seeking a user interface designer/user experience designer (UI/UX). The intern will become an active team member and will work on giving website visitors a visually innovative, clean and easy to use site experience. Handipost has started redesigning their site map, and is looking for an enthusiastic intern to support their project.

**Description of Internship:** The intern will work directly with the manager and team to develop and modify Handipost.com. The intern will learn by working on a collaborative team of developers, graphic designers, and product manager. The intern is expected to have some experience as UI/UX designer and Handipost is also able to train the right candidate. The intern is welcomed to participate in other activities and Handipost encourages wearing many hats for their company. The internship requires 5 hours per week for a 6-month period. A stipend will be provided.

**Qualifications:** Familiarity with graphic and website design, HTML, CSS and JavaScript

**Compensation:** Stipend (TBA)

Email [talent@segreenhouse.org](mailto:talent@segreenhouse.org) with your résumé and cover letter as PDFs to get started in the matchmaking process for this position. Include in the email how you found out about the opening. We will reach out to you with next steps.
